The new Luna 50 is a glue paper insect trap that **finds its application in classic countertops** with 60x60 panels.

The appliance is inserted without modifications in place of one of the panels.

It is **equipped with two 25w Actinic shatterproof light lamps**, powered by two latest generation Ellectronic ballasts and a **300x400 glue board with attractant plus pheromone**.

(The board should be replaced every two months about).

Covers an area of 50/60 square meters (in one room).

It can be equipped with a convenient radio control for switching on and off.

(but for optimum operation it is advisable to leave it on 24 hours a day).

Maximum height of 3,30 meters is recommended.

LUNA 50 responds to the HACCP e CE directies.
Produced entirely in Italy.
Use only original Trappen spares.
